The Msgr Cardijn Scholarships for Workers

A number of people formed in the “observe, judge, act” methodology of Msgr Cardijn and the Young Christian Worker movement have made funds available for people who could not otherwise afford to attend the CTA conference. Needs-based support can cover registration, and reimburse transportation and housing. People of color are strongly encouraged to apply. If you share Call To Action’s vision of a more just and inclusive church and society and will connect to Call To Action, we urge you to apply and carefully discern your financial needs.
